

## GYTS Objectives

The Global Youth Tobacco Survey (GYTS), a component of the Global Tobacco Surveillance System (GTSS), is a global standard for systematically monitoring youth tobacco use (smoking and smokeless) and tracking key tobacco control indicators.

GYTS is a cross-sectional, nationally representative school-based survey of students in grades associated with ages 13 to 15 years. GYTS uses a standard core questionnaire, sample design, and data collection protocol. It assists countries in fulfilling their obligations under the World Health Organization (WHO) Framework Convention on Tobacco Control (FCTC) to generate comparable data within and across countries. WHO has developed MPOWER, a technical package of selected demand reduction measures contained in the WHO FCTC:

## GYTS Methodology

GYTS uses a global standardized methodology that includes a two-stage sample design with schools selected with a probability proportional to enrollment size. The classes within selected schools are chosen randomly and all students in selected classes are eligible to participate in the survey. The survey uses a standard core questionnaire with a set of optional questions that countries can adapt to measure and track key tobacco control indicators. The questionnaire covers the following topics: tobacco use (smoking and smokeless), cessation, secondhand smoke (SHS), pro- and anti-tobacco media and advertising, access to and availability of tobacco products, and knowledge and attitudes regarding tobacco use. The questionnaire is self-administered; using scannable paper-based bubble sheets, it is anonymous to ensure confidentiality.

In Romania, GYTS was conducted in 2017 by the National Institute of Public Health, under the coordination of the Ministry of Health. The overall response rate was 88.6%. A total of 5,409 eligible students in grades 6-8 completed the survey, of which 4,395 were aged 13-15 years. Data are reported for students aged 13-15 years.

## GYTS Highlights

### TOBACCO USE

- 14.6% of students, 16.4% of boys, and 12.5% of girls currently used any tobacco products.
- 8.6% of students, 9.8% of boys, and 7.3% of girls currently smoked cigarettes.
- 3.1% of students, 3.8% of boys, and 2.3% of girls currently used heated tobacco products.
- 28.0% of ever cigarette smokers first tried a cigarette at less than 10 years old.

### ELECTRONIC CIGARETTES

- 8.2% of students, 10.1% of boys, and 5.9% of girls currently used electronic cigarettes.

### CESSATION

- Almost 7 in 10 (67.2%) current tobacco smokers tried to stop smoking in the past 12 months.
- Almost 6 in 10 (57.2%) current tobacco smokers wanted to stop smoking now.

### SECONDHAND SMOKE

- 35.9% of students were exposed to tobacco smoke at home.
- 34.2% of students were exposed to tobacco smoke inside enclosed public places.

### ACCESS & AVAILABILITY

- 70.7% of current cigarette smokers bought cigarettes from a supermarket, kiosk, tobacco shop, on the street, in the free market, or from another public place.
- Among current cigarette smokers who tried to buy cigarettes, 78.4% were not prevented from buying them because of their age.

### MEDIA

- Almost 6 in 10 (59.9%) students noticed anti-tobacco messages in the media.
- Almost 4 in 10 (35.8%) students noticed tobacco advertisements or promotions when visiting points of sale.
- Almost 1 in 10 (8.3%) students had something with a tobacco brand logo on it.

### KNOWLEDGE & ATTITUDES

- 55.4% of students definitely thought other people's tobacco smoking is harmful to them.

## TOBACCO USE

	OVERALL (%)	BOYS (%)	GIRLS (%)
<b>SMOKED TOBACCO</b>			
Current tobacco smokers <sup>1</sup>	14.6	16.4	12.5*
Current cigarette smokers <sup>2</sup>	8.6	9.8	7.3*
Frequent cigarette smokers <sup>3</sup>	2.7	3.2	2.1
Current smokers of other tobacco <sup>4</sup>	6.2	6.9	5.5
Ever tobacco smokers <sup>5</sup>	35.7	38.2	33.2*
Ever cigarette smokers <sup>6</sup>	30.1	32.8	27.4*
Ever cigarette smokers who first tried smoking a cigarette at less than 10 years old	28.0	35.5	19.1*
Ever smokers of other tobacco <sup>7</sup>	13.7	14.7	12.6
<b>HEATED TOBACCO</b>			
Awareness of heated tobacco products <sup>8</sup>	20.6	21.6	19.6
Current users of heated tobacco products <sup>9</sup>	3.1	3.8	2.3*
<b>SMOKELESS TOBACCO</b>			
Current smokeless tobacco users <sup>10</sup>	N/A	N/A	N/A
Ever smokeless tobacco users <sup>11</sup>	5.8	6.4	5.2
<b>ANY TOBACCO USE (smoked, smokeless, and/or heated tobacco)</b>			
Current tobacco users <sup>12</sup>	14.6	16.4	12.5*
Ever tobacco users <sup>13</sup>	38.6	40.7	36.4*
<b>SUSCEPTIBILITY</b>			
Never tobacco users susceptible to tobacco use in the future <sup>14</sup>	14.9	16.0	13.8
Never tobacco smokers who thought they might enjoy smoking a cigarette <sup>15</sup>	7.3	8.2	6.5

## ELECTRONIC CIGARETTES

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current electronic cigarette users <sup>16</sup>	8.2	10.1	5.9*
Ever electronic cigarette users <sup>17</sup>	15.5	18.0	12.7*

## CESSATION

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current tobacco smokers who tried to stop smoking in the past 12 months	67.1	67.7	66.7
Current tobacco smokers who wanted to stop smoking now	57.4	61.0	50.7
Current tobacco smokers who thought they would be able to stop smoking if they wanted to	85.1	82.7	88.9
Current tobacco smokers who have ever received help/advice from a program or professional to stop smoking	14.4	16.3	11.8

## SECONDHAND SMOKE

	OVERALL (%)	BOYS (%)	GIRLS (%)
Exposure to tobacco smoke at home <sup>18</sup>	35.9	34.1	37.8*
Exposure to tobacco smoke inside any enclosed public place <sup>18</sup>	34.2	33.3	35.3
Exposure to tobacco smoke at any outdoor public place <sup>18</sup>	49.2	47.4	51.3
Students who saw anyone smoking inside the school building or outside on school property <sup>19</sup>	45.5	46.0	45.0

## ACCESS & AVAILABILITY

	OVERALL (%)	BOYS (%)	GIRLS (%)
Current cigarette smokers who bought cigarettes from a supermarket, kiosk, tobacco shop, on the street, in the free market, or from another public place <sup>20</sup>	70.7	73.4	67.1
Current cigarette smokers who were not prevented from buying cigarettes because of their age <sup>21</sup>	78.4	77.1	80.1
Current cigarette smokers who bought cigarettes as individual sticks <sup>22</sup>	39.9	43.7	35.3

## MEDIA

	OVERALL (%)	BOYS (%)	GIRLS (%)
<b>TOBACCO ADVERTISING</b>			
Students who noticed tobacco advertisements or promotions at points of sale <sup>23</sup>	35.8	38.3	33.2*
Students who saw anyone using tobacco on television, videos, or movies <sup>24</sup>	63.9	64.4	63.4
Students who were ever offered a free tobacco product from a tobacco company representative	6.4	7.6	5.1*
Students who had something with a tobacco brand logo on it	8.3	9.5	7.0*
